Dogwood in Spring

Foreword

In Northeastern Oklahoma and the Grand area the Dogwood Tree is distinguished from numerous other season blossoming trees. Its duty is short-lived, but the mental picture of it never dies.

As the wood of the Dogwood Tree is lasting memories we have gathered will be remembered, even after the early blossoms of life are past. During the Dogwood Trees in the Spring reminds of the student as he grows; not only in stature

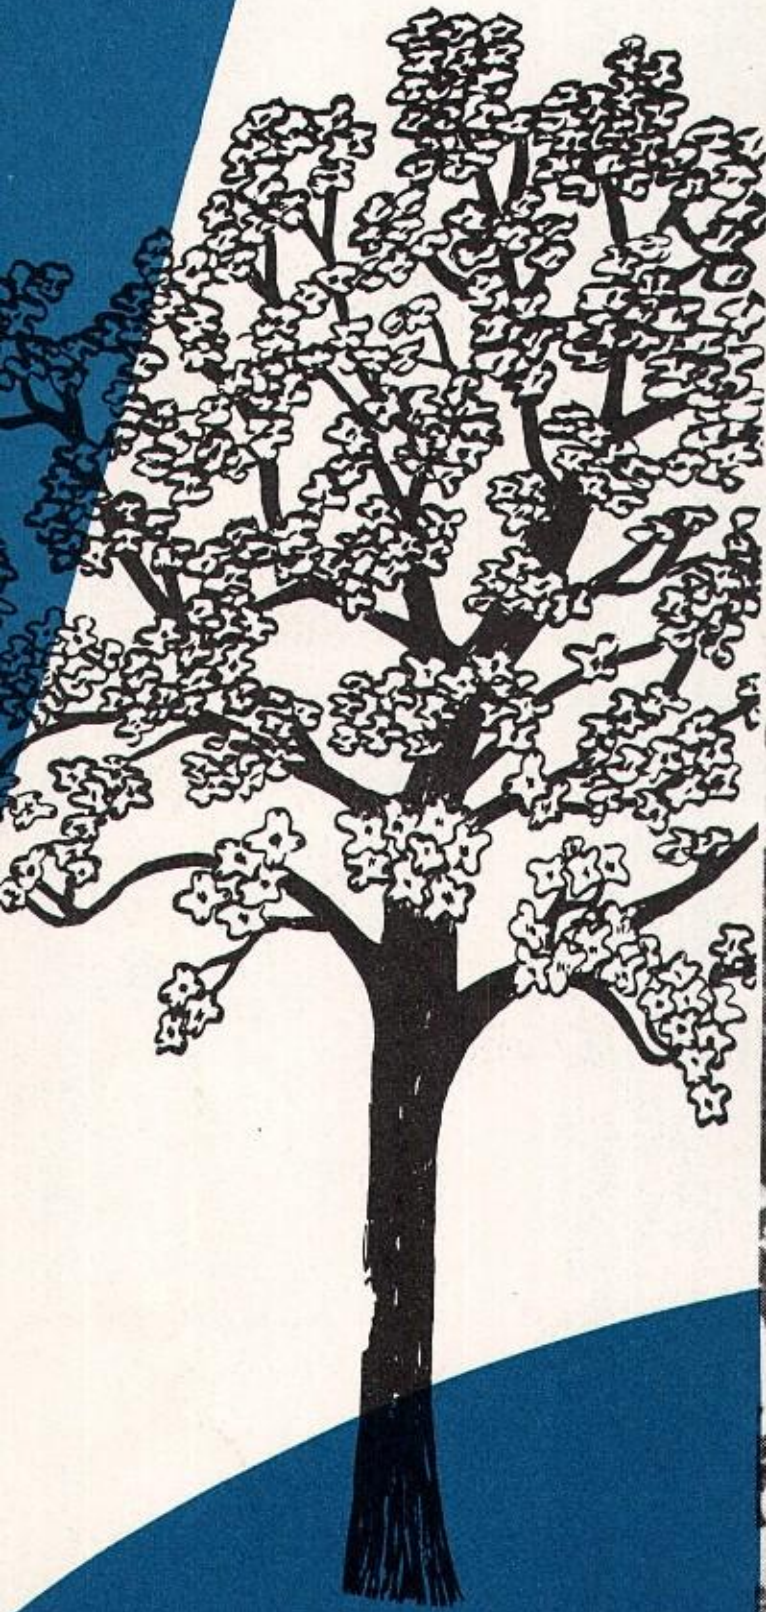

but also in wisdom and character.

The roots and every fibre of the tree working in harmony for the perfection of the flower is like unto the school organization striving to produce a more desirable individual.....each one being:

A living thing,

A growing thing,

A fruitful thing.

Dedication

Mr. H. E. Wilson:

our Superintendent and friend—

Who, not only through his teachings but also through his Christian living, has shown us many times that the right way, though more difficult, is always the best way.

Whose understanding leadership has been an inspiration, which instead of fading will grow brighter with each year after we have gone our separate ways, thus keeping our high school memories warm.

Whose strong hand of guidance has won from the respect, admiration, trust, and love of each student in Grove High School.

We, the Seniors of 1960, dedicate this edition of the Ridgerunner.

Administration

The main root of the tree of education is the Administration which brings to the students the food of knowledge. The mature plant is common or rare according to its use of the resources. The faculty gives

us access to an unlimited supply of learning which, if absorbed, will prepare us for a more fruitful life, and help us along the road to success.

The job of guiding Junior High students, both in discipline and education, is one that Mr. Pritchard does ably.

Many years of experience give Mr. Huggins the ability to cope with the problems arising with children in grades one through six.

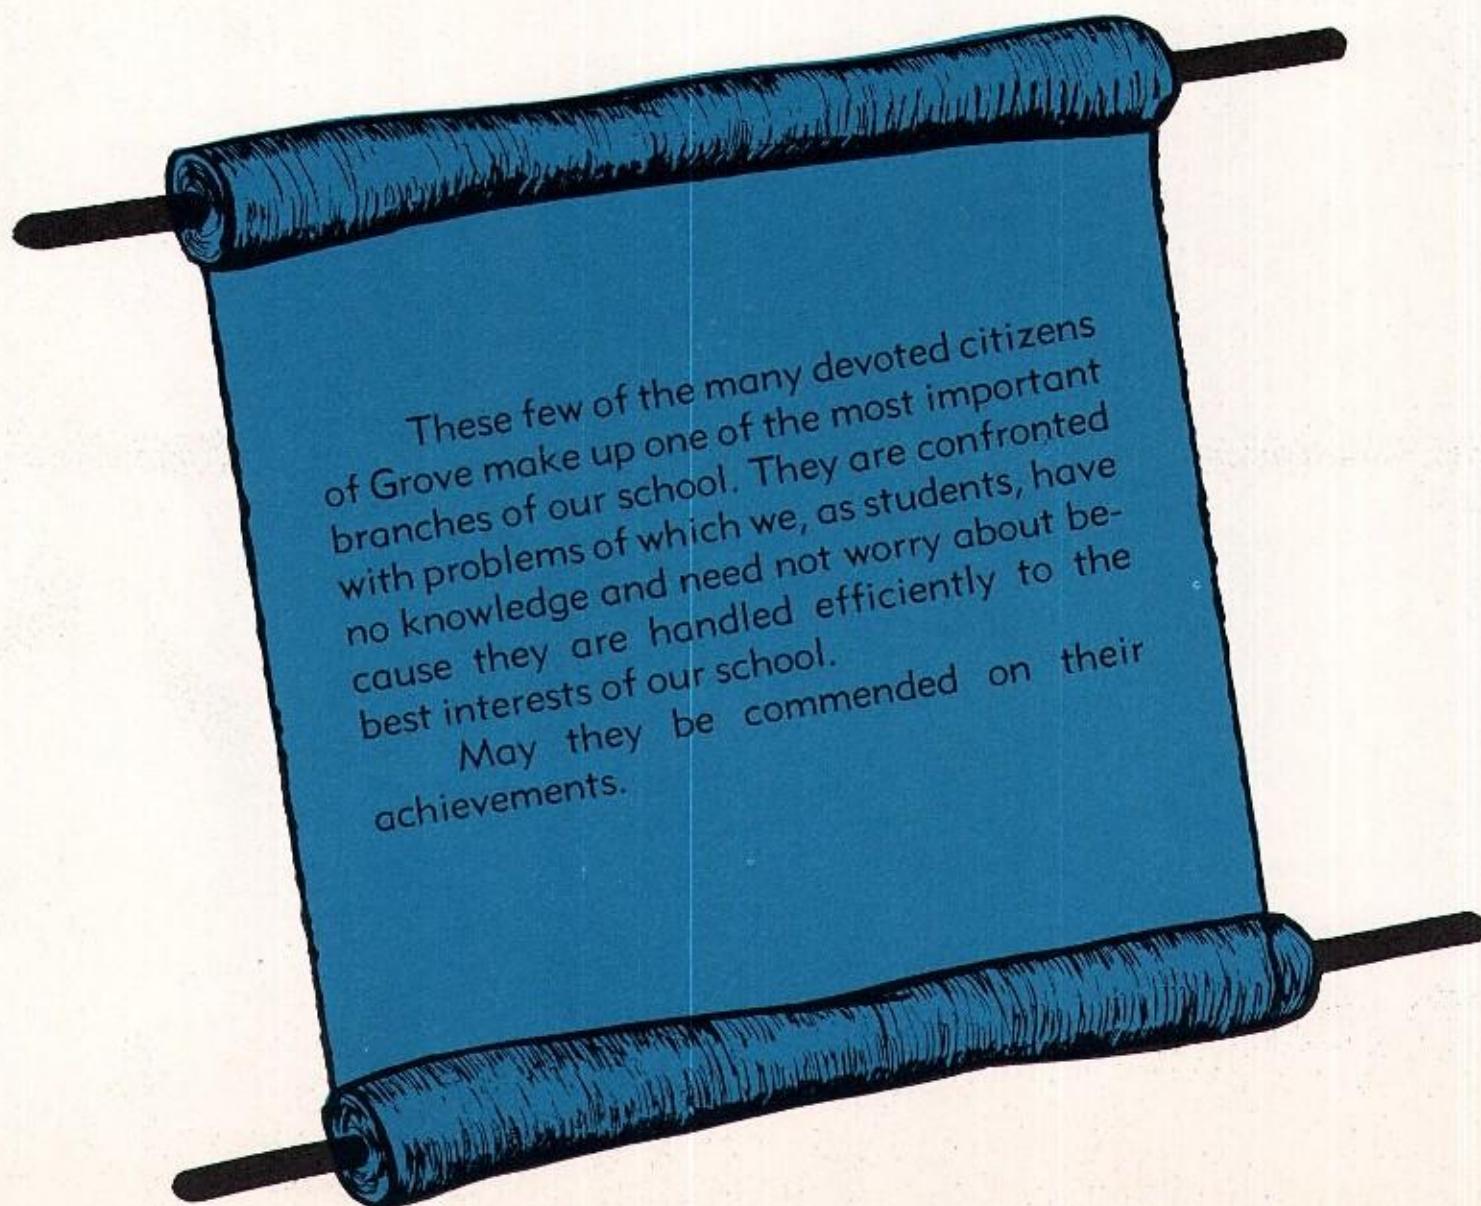

Over two hundred Senior High students find their principal, Mr. Baskins, aptly qualified to fulfill his duties and to meet their individual needs.

FUTURE FARMERS OF AMERICA

The Grove F.F.A. Chapter #359 had a total income of \$6900 last year. The income was made from 350 head of hogs, 49 head of beef cattle, 16 head of dairy cows, and 3 head of sheep.

The primary objective of Vocational Agriculture is to make a beginning and advance in farming.

Each boy in F.F.A. is either on a judging team or does committee work. We have the following judging teams: dairy, livestock, poultry, crop, meat, entomology, farm shop, land, horticulture, and dairy products. Many of these teams have been very outstanding and we are proud of them.

Some of our 4-H Club members who have achieved recognition are: Donnie Barrett who went to State 4-H Club Congress with his record book on livestock; Mary Nicks who won a trip to Washington D. C. winning first place in the State Farmers Union Speech Contest; and Jennifer Wiley who placed second in the District Farmers Union Speech Contest.

The 1959 Ridgerunners, under new coach Al Hamra, started the season with a victory. In this first game fans observed the determination of the team as they came from behind twice to win. From this win the Ridgerunners gained speed and proceeded to the first perfect season record (10-0) of Grove High School. Although these games were important, each served to strengthen the team and prepare them for their goal-the state playoff. Completing the perfect season regular play they compiled the following statistics:

Grove	Opponent
Scoring	408.....50
First Downs	154.....65
Fumbles Lost	22.....17
Yards Rushing	3,049.....838
Punting Average	14-29.5.....44-29.6
Passing Yardage	672.....552
Passes Completed	43.....77
Passes Intercepted	12.....3

The Ridgerunners feel that their great support by the coaching staff and the fans contributed much to the success.

Continuing their winning ways after the great football season, the '60 Ridgerunners compiled Grove's best basketball record in several years. Although the team finished 5th in the conference, they were sparked in tournament play winning first the Northeastern Oklahoma Invitational Tournament at Miami; next the district tournament and going all the way to the finals in the regional tournament. Thanks to this great tournament play the Ridgerunners finished with a respectable 17 and 9 won and lost record.

In the first game of the state playoff the Ridgerunners played alert football, turning 2 of 3 Coweta fumbles into touchdowns the first half. Cashing in on another fumble early in the second half the determined Ridgerunners drove to a 36-16 win. Although Grove won they were again hampered by an all-year drawback-fumbles. From a rematch of the second game of the 1958 playoffs the Ridgerunners emerged much less happy than last year. The fired-up Hominy team took advantage of some very costly Ridgerunner fumbles and went on to win 32-8. Although the Ridgerunners were outscored, the closeness of the game was evident to all. As Hominy coach Woody Cooper put it in a letter to the Grove football team; "I was pleased to see a group of young men continue to play hard, clean football in the face of the many bad breaks that your team received during the game. Again let me congratulate your team on your courage, ability, and desire. It was a close ballgame regardless of the score."
